

**Green Star SUSTAINABILITY QUESTIONNAIRE  
FOR WORKSTATIONS**

**Product name:** QED workstation

**Manufacturer:** Schiavello

**Supplier:**

**Supplier contact details:**

**Product Description:** QED system - 90degree 1800x1800 workstation, powdercoated E0 MDF worktop, Steel under-structure;

Y, N, N/A

<b>Pre-consumer recycled content</b> Total percentage of product [by mass] 67%	<b>67%</b>	Y
<b>Post-consumer recycled content</b> Total percentage of product [by mass]	%	N
<b>Organically certified renewable products</b> Total percentage of product [by mass]	%	NA
<b>FSC certified timber</b> Total percentage of product [by mass] 77%	<b>77%</b>	Y
<b>Does the product have a warranty? If yes, for how many years?</b>	10 yrs + 1 day	
<b>Environmental Management System [EMS] implemented by product manufacturer</b> Do you have an EMS in place?	Y	
ISO 14000/1 certification?	Y	
<b>If you have an EMS in place does it include:</b>	Y	
Waste minimisation – includes waste and recycling rates monitored and recorded quarterly	Y	
Energy - includes energy consumption of manufacturing monitored and recorded quarterly	Y	
Emissions - includes polluting gas and liquid emissions monitored and recorded	Y	
Materials minimisation – (total material input is not a meaningful parameter) EMS ensures Design for Environment Principles and LCA minimise material content before production	Y	
<b>Do you have a product stewardship policy? If yes, what is it? [please attach]</b>	Y	
<b>Is the product modular</b> (can be stacked or re-arranged in different configurations with use of hand tools or no tools at all)?	Y	

<p><b>Is your product designed for disassembly?</b>          [ie. components mechanically fixed and are designed for disassembly into single components by hand tools]</p> <p style="text-align: right;">Total percentage of product [by mass]</p>	<p><b>100</b> %</p>	
--	-------------------------	--

\*Please attach additional sustainable product and manufacturing information if applicable

## Take Back and Product Stewardship Policy

In line with Schiavello's Environmental Policy, which seeks to reduce the environmental impact of our activities, we will provide for the future stewardship of our products.

Schiavello will, in accordance with the contract and subject to certain conditions, accept product returned to our Tullamarine, Victoria, main production facilities with the intention to re-use the product and/or component material and maximise the residual amount which is recycled. An annual public report will be available of the ultimate fate of the returned materials and products.

The conditions will generally include:

- That the customer returns the products to our Tullamarine Plant;
- That the products are in their original state not changed or re-finished and resulting from normal wear and tear;
- A specified minimum quantity of items;
- A specified maximum age of the product(s)

**Tony Schiavello**  
**Managing Director**

10/6/05

[Note: A conditional Warranty for 10 + years may also be given.]
